## Turn assessment data into purposeful instruction.

This professional learning session supports teachers in using assessment data to plan clear next steps, including follow-up assessment and intentional, differentiated literacy instruction. Participants will explore how to connect assessment results to the BC K-4 Foundational Learning Progressions, SD71 literacy frameworks, and classroom practice.

**Hosted by...**

**Alexis Rekdal** - District Literacy Teacher and **Kim Marks** - District Teacher Librarian

## In this session you will:

- Make sense of literacy assessments.
- Identify instructional next steps.
- Learn practical strategies for differentiation.
- Explore LRC tools and kits aligned with student needs.
- Bridge assessment and instruction with confidence.
